

SCIENCE-INDUSTRY DAY

Micro.
Macro.
Global.

www.ist.ac.at/sid18

PROGRAM

Young Founders' and Scientists' Afternoon

13:30-14:00 *Registration and Welcome Coffee*

14:00 **Welcome Words**

Georg Schneider, Managing Director IST Austria

14:15 **Opening Remarks "IST CUBE – Reinventing Seed Stage Investing in Austria"**

Rupesh Chatwani, Managing Director IST CUBE

14:45 **Flash Talks**

- Tilmann Bürckstümmer, Founder, Chief Scientific Officer Aelian Biotechnology GmbH
- Hildegard Etz, Austrian Patent Office
- Saara Inkinen, Founder Nordic Catalyst e.U., Innovation Management and Technology Transfer Consultant
- Christine Moussion, Researcher Genentec
- Michal Rolinek, Cryptographer, Researcher Max Planck Institute for Intelligent Systems

Followed by a Panel Discussion with Flash Talk Speakers

16:30-17:15 *Networking Break with Refreshments, Foyer*

17:15-18:00 **Keynote**

Michael Lukesch, CEO & Co-Founder VALANX Biotech

Moderator: Laura Rodriguez Hernandez, TWIST Fellow IST Austria

Live-patent search
and info booth,
Austrian Patent Office

Panel Discussion "Micro. Macro. Global."

18:00-18:30 *Cocktail Reception, Registration Evening Event, Foyer*

18:30 **Welcome Words**

- Thomas A. Henzinger, President IST Austria
- Isabella Meran-Waldstein, Director for Research, Technology & Innovation at the Federation of Austrian Industries
- Martin Netzer, Deputy Secretary General Federal Minister of Education, Science and Research

Keynotes and Panel Discussion "Micro.Macro.Global."

- Hannes Androsch, Chairman Supervisory Board AT&S, Chairman Austrian Council for Research and Technology Development
- Åsa Lindholm Dahlstrand, Lund University, Director CIRCLE
- Heike Riel, IBM Research

Moderator: Markus Wanko, Head of Tech Transfer IST Austria, Managing Director IST CUBE

Concluding Remarks by Georg Schneider, Managing Director IST Austria

20:15 *Buffet Reception*

Science-Industry Day 2018

Since the early 2000s, US and European universities have been actively engaging in technology transfer. Licensing and liaison offices have been set up to match technologies with corporate partners. How do the efforts of these offices on a micro level, i.e. trying to find the best available partner on a global level, relate to the macro perspective of tech based competition between countries and regions? How should developmental, political, societal considerations be taken into account as boundary conditions for the optimum decision on a micro level?

The Science Industry Day 2018 titled "Micro. Macro. Global." organized jointly by the Institute of Science and Technology Austria (IST Austria) and the Federation of Austrian Industries (IV) will offer an afternoon program focusing on topics relevant to young researchers and founders. The evening event will give insights of our podium guests on this year's topic in the panel discussion.

Institute of Science and Technology Austria
 Am Campus 1, 3400 Klosterneuburg
 Tel.: +43 2243 9000 1132
 Fax: +43 2243 9000 2001
www.ist.ac.at

On-site parking

Free shuttle buses are provided to IST Austria:

SHUTTLE 1 01:00 pm from Wien Schwedenplatz night bus stop (directly opposite Twin City Liner station)

SHUTTLE 2 01:03 pm from Wien U4 Heiligenstadt Boschstraße (Bus No. 142)

SHUTTLE 3 05:33 pm from Wien U4 Heiligenstadt Boschstraße (Bus No. 142)

SHUTTLE 4 05:30 pm from Haus der Industrie, Schwarzenbergplatz 4

PLEASE REGISTER FOR THE EVENT AND SHUTTLE BUS by September 20, 2018: www.ist.ac.at/sid18
