

Physical Sciences Seminar

Nonlocal and nonabelian Majorana-based physics

Karsten Flensberg (Niels Bohr Institute)

Host: Andrew Patrick Higginbotham

The talk discusses Majorana bound states in hybrid semiconductor-superconducting system and the predicted ability to store quantum information nonlocally. Both the experimental status of field as well as ideas for how to demonstrate the nonlocal and nonabelian nature of these novel degrees of freedom will be covered.

Tuesday, March 19, 2019 11:00am - 12:00pm

IST Austria Campus Mondi Seminar Room 2, Central Building

This invitation is valid as a ticket for the IST Shuttle from and to Heiligenstadt Station. Please find a schedule of the IST Shuttle on our webpage: <https://ist.ac.at/en/campus/how-to-get-here/> The IST Shuttle bus is marked IST Shuttle (#142) and has the Institute Logo printed on the side.
