

Public outreach event

Open Campus

On Sunday, May 26th, 2019 IST Austria invites to the 10 year anniversary Open Campus. At this festive occasion we dip into the past, but more deepen into the future: The festival starts with a juvenile glimpse at research during the awarding ceremony of the school contest “Wir schaffen Zukunft”. Afterwards Vince Ebert recite sharp punchlines of his cabaret program “Zukunft is the Future”. The science event closes with inspiring questions that children have for research. Beside a glimpse behind the scences of the research institute the Open Campus festival offers science activities for families, children, and young people.
