

Symposium/Conference

Les Houches-TSRC Workshop on Protein Dynamics

Host: Paul Schanda

The Les Houches-TSRC Workshop on Protein Dynamics is a biannual workshop usually held in Les Houches in the French Alps, close to Chamonix. It has established itself as a forum for presenting, teaching, and discussing results from the application of state-of-the-art experimental, theoretical and computational approaches to studying protein dynamics. Due to the current sanitary situation, this year we will have an online workshop on May 18+19, 2021 (approximately 4 PM - 7 PM CEST). We are happy that we have a great speaker list for the online workshop: Frank Noe, Dorothee Kern, Benoît Roux, James Fraser, Claus Seidel. We will also have a "poster session", where participants will present their work in Breakout Rooms. The presentations are selected from submitted abstracts. Details can be found on our website at: <https://sites.google.com/view/houches2020/home> which also contains a link to the registration website. The organizing committee: Enrica Bordignon, Matthias Heyden, Paul Schanda, Ben Schuler, Martin Weik

Tue, May 18, 2021 04:00pm - Wed, May 19, 2021 07:00pm
online

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station. Please find a schedule of the ISTA Shuttle on our webpage: <https://ista.ac.at/en/campus/how-to-get-here/> The ISTA Shuttle bus is marked ISTA Shuttle (#142) and has the Institute Logo printed on the side.
