

## **Mathematics and CS Seminar**

## **Bogolyubov theory revisited**

## **Christian Hainzl**

LMU Munich

Host: Robert Seiringer

I present a fresh look on the Bogolyubov theory in the GP limit. Combining a recent paper of myself with new ideas from the work of Nam-Triay on the inhomogeneous case, one can simplify the theorem of Boccato-Brennecke-Cenatempo-Schlein significantly. I will present the basic ideas of the proof.

## Thursday, October 21, 2021 04:15pm - 05:15pm

Heinzel Seminar Room (I21.EG.101), Office Building West

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station. Please find a schedule of the ISTA Shuttle on our webpage: https://ista.ac.at/en/campus/how-to-get-here/ The ISTA Shuttle bus is marked ISTA Shuttle (#142) and has the Institute Logo printed on the side.
